

ELECTRONIC TAPWARE

- C.E APPROVED

<i>Description</i>	<i>Operating Criteria</i>	<i>Model</i>	
<p>Mono - control system with hygienic 'No Touch' sensor and solenoid valve for areas where hygiene + ease of use is a priority Adjustable time settings from 3 to 75 seconds. Sensor chromium plated durable engineering plastic with shatterproof plastic sensing window. Supplied with 230/240vAC 12vAC1a Transformer.</p>	<p>84mm Ø 22mm projection Power consumption: 6AV Pressure range 0.15-10 bar. Ambient Temperature range 5-40 °C Require 12vAC +10% 50/60Hz</p>	<p>MC 120</p>	
<p>Ceiling mounted 'Hands free' sensor and solenoid valve, for applications where the sensor may be vulnerable or low visual impact is required.</p>	<p>128mmØ As Above Sensor range between 0.50 and 2.5m</p>	<p>MC 124</p>
