

ELECTRONIC TAPWARE

• C.E APPROVED

Description	Operating Criteria	Model	
<p>Infra-red bench mounted basin mixer chrome plate. self adapts to changes in environment. 4 pre-defined programmes and 2 functions. Patented system of temperature limitation complete with connectors and isolating valves. A reflector is used for activating the various programmes so as to set the time delay, to stop the flow to clean the basin and to start a 30minute rinsing to guard against the proliferation of legionnaires.</p>	<p>a) 135mm c) 142mm Battery Lithium 6v</p>	<p>SQUALE 5700</p>	
	<p>a) 135mm c) 142mm Mains 230/9v</p>	<p>SQUALE 5500</p>	
<p>Infra-red bench mounted basin tap As above.</p>	<p>a) 135mm c) 142mm Battery Lithium 6v</p>	<p>SQUALE 5600</p>	
	<p>a) 135mm c) 142mm Mains 230/12v</p>	<p>SQUALE 5000</p>	
<p>Infra-red, semi recessed wall mounted basin tap for single or multiple installations anti-vandal. detection of hands or person depending on programme selected. 4 programmable functions. patented system of temperature limitation higher spout (328mm) version available. Reflectors function as above.</p> <p>Battery versions are available (5300) Lithium 6v Battery 230/12v transformers with 90707 mounting bracket.</p>	<p>Ivory white a) 185mm c) 144mm</p>	<p>SENSAO 5100</p>	
	<p>Silk chrome a) 185mm c) 144mm</p>	<p>SENSAO 5100</p>	
	<p>18 VA, for 1 to 4 outlets</p>	<p>90464</p>	
	<p>75 VA for 5 to 15 outlets</p>	<p>90610</p>	
<p>Infra-red wall mounted basin tap, chrome plate with optional control circuit. Fixed outlet. Anti vandal. Detection of hands or person depending on programme selected. Functions and temperature limitation as above. Control circuit mains or battery. Other spouts available on request. Reflectors function as above.</p>	<p>a) 170mm c) 70mm</p>	<p>SANSAO 6100C</p>	
	<p>Battery Lithium 6v Control Circuit</p>	<p>55420</p>	
	<p>Mains 230/12v Control Circuit</p>	<p>55430</p>	
<p>Infra-red bench mounted basin tap, chrome plate with optional control circuit. Fixed outlet. Anti vandal. Detection of hands or person depending on programme selected. Control circuit mains or battery. Other spouts available on request. Reflectors function as above.</p>	<p>a) 180mm c) 160mm</p>	<p>SENSAO 6000C</p>	
	<p>Battery Lithium 6v Control Circuit</p>	<p>55420</p>	
	<p>Mains 230/12v Control Circuit</p>	<p>55430</p>	
<p>Infra-red basin tap for cold or blended water, c/w internal solenoid valve, flexible inlet and stop-cock.</p>	<p>A) 137mm B) 107mm</p>	<p>6500</p>
